J.HARVEST & FROST
CORPORATE SHIRTMAKER

LA MARQUE J. HARVEST & FROST

The brand J. Harvest & Frost was created with passion as the driving force. Passion to create something really good at affordable prices. A natural target image was the knowledge to make really good products that we wanted to use ourselves. We wanted to combine well- designed and elaborate garments for workwear and leisure.

Inspiration came from many sources, such as U.S. advertising agencies, leaders of Norwegian oil business and Swedish merchants. A lot of inspiration from the earlier half of the 20th century. We've studied books, brands and designers sharing our passion for the subject, good at what we want to accomplish. They have all been under our magnifying glass and received a thorough examination.

J. Harvest & Frost has been formed through the collaboration between two brands – James Harvest Sportswear and Frost. James Harvest Sportswear with its roots in U.S. college fashion and a worldwide distribution and Frost with a heritage from the tai- lored, well-cut garments in a small scale. Two excellent foundations brought together in one concept. The aim of this brand is to offer well-made, detailed and affordable products of the highest quality. Some details of our garments are only found on much more expensive products. To succeed in our mission, we need to have the best tailors/seamstresses, the best materials, the best details, the best commitment and the best customers. Good enough is not a term that we use when it comes to our products. The best part is our ambition. Passion drives us.

In order to fulfil our ambition, we try to keep updated on available materials, the best stitches/techniques, what's happening in the industry and what we can do better.

Our goal is to give you the feeling of getting something extra when you come across a garment from J. Harvest & Frost. If your feeling is comparable to getting a very special gift we are near our goal. You shall be totally satisfied – that's it. End of story.

One challenge is still unsolved – the body shapes. Some are thin and some are strong. Some have long arms, and some have short. Our ambition is models for every- one. In most cases our garments fit from the start but for some body shapes garments need to be adjusted to fit perfectly.

J. Harvest & Frost is well-made, detailed and affordable.
In the brand J. Harvest & Frost you will find all our soul and all our heart.

ENJOY YOUR HARD WORK

We are really proud of our shirts, and we want to show how great these garments really are. So we made this shirt.
On your right is our J.H&F Non-Iron Supercotton with taped seams,
The left half is common cotton single yarn 70' without taped seams. We washed it. Hang dried it and folded it neatly. We did not iron any parts of the shirt. As you can tell there is quite some difference. Notice the overall smoothness and pay extra attention to the shoulder seams. The regular fabric is not of poor quality. It's just not... Supercotton.

Nothing beats the clean look of a solid dress shirt. But even at a solid color there are still some features that make our shirt stand out from the crowd. The shirt is crafted in our favorite high performance twill texture. This gives the perfect sheen to it, results in a substantial good hand feeling and makes it less transparent than similar white dress shirts. A split yoke in back, medium cut-away collar and a 35 mm raised placket set the edge for this sharp, but classic shirt.

- Green bow line.
- Solid colors. 100% Cotton, machine washable. Non-iron patented environ- mental treatment. Long staple 2-ply compact cotton for the best possible result.
- Split back yoke ensures smooth contoured shoulders, and a greater range of motion.
- Taped main-seams help the shirt look sharp and neat wash after wash. No wrinkles.
- Semi cut-away collar.
- Long sleeve. Single angel-cuff, with extra buttonhole for cuff links.
- Tall, 4 mm-thick buttons for a substantial and modern feeling.
- Curved hem.

Through the Red bow line we reinvent the classic shirt. By adding sophisticated colors and details we made it more modern and smart, but still kept it a classy business shirt. The shirt is crafted in our favorite high per- formance twill texture. This gives the perfect sheen to it, results in a substantial good hand feeling and makes it less transparent than similar dress shirts.

JAMES HARVEST SPORTSWEAR

PLAYERS' CHOICE

WHAT IS SO SPECIAL WITH A PLAYERS' CHOICE SHIRT FROM JAMES HARVEST?

It is the distinctive attention to details that make them special and exclusive. Each shirt consists of 23+ unique design parts which have been assembled with perfect precision.

ONLY QUALITY FABRICS

The shirts in the Players' Choice series consist of 100% long fibre, combed cotton, spun into fine, thin filaments. The higher the yarn number, the better the feel of the fabric. The fabric has two yarns spun together to make one, which give added strength and durability. The fabric is then treated with a high quality easy care finish for easy maintenance of the garment.

SIZE CHART GUIDELINE

HOW TO MEASURE YOUR BODY

1) NECK
Place the measuring tape around the neck at the height where the collar would normally rest. This will be just below your Adam's apple. Stand relaxed. Do not crane your neck out or squeeze your chin down. The tape should be resting lightly on the skin, not squeezing it. Hold one finger under the tape measure to ensure some room for comfort.

2) SLEEVE LENGTH
Place one end of the measuring tape at the tip of the shoulder. where you imagine the shoulder seem of the shirt will be. Let your arm hang down at side, and run the measure tape along with it. Measure to the center of the meaty part of your palm. If you don't have a partner, measure a shirt with sleeves that is the right length.

3) CHEST
Run the measuring tape around the fullest part of your chest, tight up under your armpits and over the shoulder blades. Let your arms hang down in a relaxed, natural pose. Do not puff out your chest or arch your back in any sort of pose that isn't natural or sustainable.

4) WAIST
Run the tape around the fullest part of the belly. This is usually around the level of the belly button. The measuring tape should be snug on the skin, but not squeezing in. Let your arms hang down, and stand in a relaxed, natural pose. Do not puff out your stomach or try holding it in.

DECORATING GUIDELINE

APPLICATION TECHNIQUES:

SCREEN PRINT
The easiest and in many instances the best printing technique, used mainly for t-shirts and sweatshirts. Printing is carried out directly onto the garment.

TRANSFER PRINT
Screen-printing is carried out directly onto the garment, while transfer printing is performed using a carrier, which is then ironed onto the garment.

EMBROIDERY
Embroidery is durable and often perceived as exclusive. Garments are individually embroidered which means that each garment can be customised.

EMBROIDERED PATCH
The idea behind this is the same as for embroidery but instead of embroidering directly onto the garment the design is embroidered onto a carrier which is then sewn or ironed onto the garment.

All logos and/or james harvest sportswear logos are for image purposes only, products are sold blank.
Colour differences between the photo and the actual garment may arise due to photo technical reasons.
There might also be differences between an imagepicture and a product picture of the same garment.
In these cases please refer to the product pictures i n the first instance.E. & O. E .
